SUMMARY

Full Stack Developer with 6 months of experience as a UI Developer at Promatics Technologies. Skilled in React.js, authentication systems, and **REST APIs**. Passionate about building products and exploring end-to-end scalable systems. Currently pursuing MCA at Chandigarh University and growing in full stack development.

SKILLS

Frontend: React.js, Tailwind CSS, GSAP Animation, JavaScript

Backend: Node.js, MongoDB, Express.js, MYSQL, REST APIs

Tools: Git, GitHub, Vercel, Render, Figma, Postman, claude.ai, Aiven

WORK EXPERIENCE

Promacics Technologies Ltd | UI Developer Intern

August 2025 – February 2025

- Collaborated with **cross-functional teams** to deliver responsive and user-focused web interfaces within project deadlines.
- Converted UI/UX designs into **production-ready applications** using HTML, CSS, JavaScript, and React.js based on client requirements.

PROJECTS

Urban Thread -E-Commerce Store | React.js

[Live Demo](#)

- Implemented core features including **Add to Cart, Wishlist (Like Product), Product Filtering**, and Order Information Management.
- Designed responsive layouts and **optimized user experience across** mobile, tablet, and desktop devices.
- Built reusable components and improved application performance for smooth navigation and product browsing.

Authentication System | React.js, Node.js, MongoDB, Tailwind CSS

[Live Demo](#)

- Implemented **Email Verification, OTP Authentication, Password Hashing**, and Protected User Authentication to improve security.
- Built backend APIs and integrated MongoDB for user data management and **authentication workflows**.
- Built a secure full stack authentication system using React.js, Node.js, and MongoDB.
- Deployed the frontend on **Vercel** and backend on **Render** with **production-ready configuration**.

GitHub Profile Analyzer API | Node.js, Express.js, MySQL, GitHub REST API

[Live Demo](#)

- Developed a RESTful backend application using Node.js and Express to analyze GitHub user profile.
- Integrated the GitHub REST API to fetch **user details, repositories, stars, forks**, and programming language insights.
- Designed and managed a **cloud-hosted MySQL database on Aiven** to store and retrieve GitHub user analytics.

EDUCATION

Master of Computer Applications (MCA)

Pursuing

- Chandigarh University

Bachelor of Computer Applications (BCA)

Graduated: 2025

- Kamla Lohtia Sanatan Dharam College

CGPA: 7.38 / 10

CERTIFICATIONS

- IBM – Developing Back-End Apps with Node.js and Express Complete
- Simplilearn Skill Up – Introduction to Generative AI & Generative AI Studio Complete
